About Us

EXPLORE PUBLICATIONS

Explore Publications is a start-up brand, that holds a rich experience in the field of educating toddlers. As a result of our founder's vision, the publications journey has begun. She has a strong desire in teaching young kids from 2003. Every book is exclusively designed by experts under her guidance to satisfy the needs of students, teachers and parents. Our books, lead all types of learners to achieve the goals of happy education. The books are carefully aligned to implement the vision of (NEP) National Education Policy. Our books include basic Arts, Crafts, Games, Sports and Fitness, Language, Literature, Culture and Values in addition to Science and Mathematics. Our books support the learners to learn without burden and facilitate joyful learning experience.
